

**Note:** The PMCC is proud to provide this sample post office directory listing, from 2012, for illustrative purposes. Some components have been abridged or otherwise removed. All directory orders (“Alpha” and “Alpha + County”) include the “Alpha” list (pages 3-5).  
The (abridged) supplemental county list can be found on the last page.

## PMCC DIRECTORY of POST OFFICES - INDIANA (4<sup>th</sup> Edition) -

This listing is the 4<sup>th</sup> edition of this state, and is current as of May, 2012. It is a part of the PMCC Directory of Post Offices, the only hard copy publication designed to be a listing of currently operating post offices.

The listing is designed for the use of postmark collectors and individuals who study post office history. It was developed because the National Five-digit ZIP Code & Post Office Directory, formerly issued by the U. S. Postal Service, had changed over time to become primarily a ZIP code finder, and has since ceased publication in book form.

This state list is maintained by: [state director information]

PLEASE report ANY corrections, new information or other comments you may have, no matter how obvious or trivial they may seem. While we strive for perfection and complete accuracy, that goal cannot be attained without the help of the listing’s users.

We request the following credit line if major use or publication is made from this material:

Post Office listings from the PMCC DIRECTORY of POST OFFICES – INDIANA (4<sup>th</sup> Edition), published by the Post Mark Collectors Club, Inc., APS Affiliate No. 62. Published May, 2012.

## Key to the lists

### The State Listings:

Names in CAPITAL letters are independent post offices.

The post office name is followed by its type and the county in which it is located. Type abbreviations include:

AMC	Airport Mail Center
AMF	Airport Mail Facility
Ax	Annex (generally but not always Carrier Annex, which is often abbreviated CAX)
B	Contract Branch, operated under contract
Bx	Classified Branch, operated by USPS personnel
CPO	Community Post Office (Known as Rural Branch or Rural Station before 1974. Some postmarking devices still show these designations.)
CPU	Contract Postal Unit (This term encompasses S, B and CPO; it is being phased out of these lists)
DDC	Delivery and Distribution Center (regional transportation hub)
DDU	Destination Distribution Unit (Carrier Annex)
DMU	Detached Mail Unit (In the Northeast, this is a Carrier Annex; In the Midwest, it is a USPS-operated facility at a large volume mailer)
IMF	Incoming Mail Facility
IMPC	Independent Mail Processing Center (Processing and Distribution Center)
IMPF	Independent Mail Processing Facility (Processing and Distribution Facility)
L&DC	Logistics and Distribution Center (formerly known as Priority Mail Processing Center)
MOU	Money Order Unit
NDC	Network Distribution Center (formerly known as Bulk Mail Center)
P&DC	Processing and Distribution Center (abbreviated as PD in the listings)
P&DF	Processing and Distribution Facility (abbreviated as PD in the listings)
S	Contract Station, operated under contract
Sx	Classified Station, operated by USPS personnel

Items in parentheses following the post office name are:

First: wording shown in the current postmark, when that wording differs significantly from the official name.

Second: the county location if different from that of the main office. Several states also have independent cities, which are not part of any county; in Louisiana the divisions are called Parishes; and Alaska does not have counties, it is divided into boroughs, census areas and one municipality.

Third: the season the branch operates, if it is not a year-round office.

Fourth: notes, identified by an asterisk and a number.

△ (following the ZIP code) Indicates a station or branch with no *known* cancel *in current use* showing the *station or branch* name, or other wording identifiable as that station.

▽ (following the ZIP code) Indicates a station or branch with no *known* cancel *in current use* showing the *station or branch* name, but which **does** have a cancel showing a ZIP code unique to that station or branch.

The absence of these symbols does not guarantee the existence of postmarks with the station name; nor does their presence guarantee that a new postmark with the station name has not come into use which was not known at the time of publication of the list.

The county location shown for each post office is the county in which the office is physically located in. There are situations where a town may be primarily in one county, but the post office building is in an adjacent county. These listings show the county where the post office is located, not where the town mostly is.

### The County Listings:

Names in CAPITAL letters are county seats.

Only independent Post Offices, Community Post Offices and Classified Stations and Branches are shown.

Following the names of independent offices are subsidiary units, the number of each type is indicated, using the abbreviations above.

Some notes refer to postmark wordings, which may have changed since the information was gathered.

**NOTES:**

- \* 1. Some postmarks incorrectly show a ZIP code unique to post office boxes, but not the actual post office, station or branch ZIP code.
- \* 2. The Crane Naval Depot is now the Naval Surface Warfare Center, or NSWC-Crane, but the postmark still says "Crane Unit 1"
- \* 3. The post office at West College Corner, IN, located at 18 Liberty Ave. also serves the town of College Corner, OH. Post office name and ZIP code changed from College Corner, OH 45003, July 1, 1994; office physically moved from Ohio prior to 1994. Sign on building says "College Corner Indiana 47003 Ohio 45003." Postmarks are available with both "West College Corner, IN 47003" and "College Corner, OH 45003."
- \* 4. The post office at Union City, IN, located at 102 W. Pearl St. also serves the town of Union City, OH. The Indiana ZIP code is 47390; the Ohio ZIP code is 45390.
- \* 5. Postmarks of these Meijer stations show the Meijer name and the SFA number. The number in the postmark is a USPS number, not a Meijer number.
- \* 6. A DMU is a Detached Mail Unit, defined by the Postal Operations Manual as "an area in a mailer's facility where Postal Service employees perform mail verification, acceptance, dispatch and other Postal Service functions." In other words, the Postal Service brings the post office to a high volume mailer. This definition is completely different than a Detached Mail Unit in the Northeastern states, where a DMU is usually a carrier annex.
